

VP700

Colour Label Printer

VP700 LABEL REWINDER (02A/02B)

Our range of motorized core holders for **VIPColor VP700** printers can handle labels up to 220mm wide, and rewind rolls having an **outside diameter up to 250mm – approx. 250 linear meters** (contact us for the availability of different outside diameter).

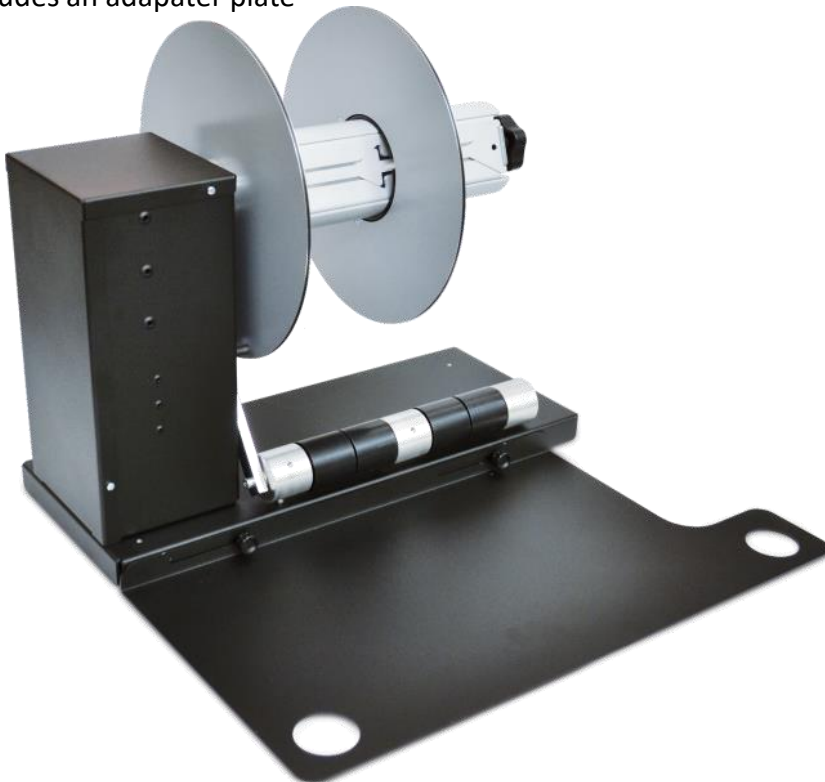

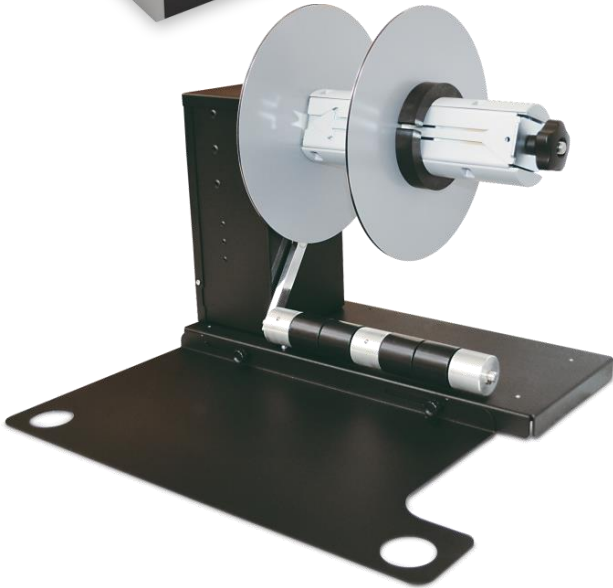

Rolls are Rewinded onto a 3" core holder, allows to rewind / unwind labels on face out.

Optionally, there is the version adjustable, for cores 40mm up to 118mm.

Thanks to its revolutionary design and toughness, our **(RW)** Rewinders are perfect for high and heavy duty jobs.

Model **VP-700-RW02A**

* Includes an adapter plate
