

# MAXI Cash Drawer

## Cash Drawer Solutions To Fit All Environments

APG's Custom & Bespoke range delivers a cash drawer tailored to fit the exact needs of leading retailers worldwide. For over 40 years we have developed solutions to every type of cash handling problem encountered at the Point of Sale. From enhanced security options, to different insert configurations and specially adapted cash drawers to fit unique PoS designs, there is always a solution available to pick from to meet your requirements.

A high capacity cash drawer with flexible insert designs and robust construction, the MAXI is ideal for retailers where cash usage and storage is high.

### Highly Durable Construction

Featuring a very robust steel construction with steel ball bearing runners for a prolonged operational life, therefore it is suitable for the busiest of retail environments.

### Large Capacity Storage

With over 30 different insert designs already developed and, with the possibility for up to 4 media posting slots, 14 coins and 24 note compartments, it will suit any retail environment.

### Versatile Insert Designs

Upright notes and floppy note dividers maximise capacity even further. Special compartments can be created for vouchers & cheques and a lockable storage compartment at the back of the insert to provide extra security for high value notes or PoS accessories.
