

MB241 Series

Industrial Label Printer

Rugged Space-Saver for Heavy Duty, Diverse Printing

The MB241 boasts a bifold media door, cutting operational space requirements by 24%. Its all-metal print mechanism guarantees durability in high-volume printing. The MB241 Series handles special media types like harder and thicker hangtags and is available with a wide range of optional accessories to support diverse applications. These accessories include linerless kits, peel-off kit, internal rewinder kit, and cutter, all designed to enhance functionality and meet dynamic business demands.

The printer capabilities are designed with auto-switching emulation for hassle-free deployment. TSC Standalone Creator generates a printer LCD UI for quick template access, while TSCPRTGo acts as an extended display for mobile printing. SOTI Connect, TSC Console, and the Internal Embedded Webpage enable remote fleet management.

The eco-friendly MB241 printer boasts 100% recyclable packaging and printer casing, with over 90% recyclable components, minimizing its environmental impact. It's ideal for limited space and excels in print quality and versatility, making it an outstanding choice for various printing needs.

Key Features

Optimized Space Efficiency

The bifold door reduces space usage by 24%, streamlining media, ribbon replacement, and cleaning for efficient operations in limited space.

High-Quality Printing Assurance

- A robust all-metal print mechanism on a metal frame guarantees printing stability and printer longevity.
- Equipped with features to adjust the multi-point thermal printhead (TPH) pressure and heat line, it ensures consistent, high-quality printing.

Fits Diverse Applications Requirements

- Options like linerless kits, cutter, internal rewinder kit, and peel-off kit enhance printer versatility and cater to diverse needs.
- Connectivity options like MFi Bluetooth 5.0, Wi-Fi Bluetooth combo, and Bluetooth 5.0 offer flexibility for diverse applications.

TSC Sense Care Smart Monitoring

- TSC Sense Care prevents downtime by monitoring printhead health with self-diagnostic TPH Care, printhead mileage, and cutter counts.
- Collected data can integrate with SOTI Connect and TSC Console for remote management and reporting.

Software Capabilities Harmonize Operations

- Auto-switch printer language emulation simplifies printer fleet migration and upgrades without changing print commands and label templates.
- TSC Standalone Creator generates a printer LCD UI for quick template access and TSCPRTGo turns a mobile device into an extended display for mobile printing.
- SOTI Connect and TSC Console manage printer fleets, enabling swift deployment, configuration, and

The Internal Embedded Webpage enables IT to remotely configure, troubleshoot, and oversee any specific printer in the field.
