

4G eSIM & Wi-Fi 6E | 5100mAh hot-swappable battery | Built-in RFID (Impinj E310) up to 1.8M

Unitech introduces the PA768e UHF, a 4G rugged touch computer designed to elevate operational efficiency with eSIM, Wi-Fi 6E technology support, and robust outdoor durability for field service, transportation, and logistics applications.

Seamless and Connectivity via Wi-Fi 6E

Featuring Wi-Fi 6E technology, the PA768e UHF rugged mobile computer delivers incredible transmission speeds and lower latency, providing users with reliable, high-speed connections to synchronize with systems and handle tasks more efficiently. It empowers users to embrace a new era of speedy connectivity for businesses.

Advanced Workflow with eSIM Technology

The PA768e UHF's eSIM technology revolutionizes connectivity by removing the need for physical SIM cards, ensuring greater convenience across various industries. Embedded securely within the device, the eSIM eliminates the risk of loss or damage while enhancing security by preventing unauthorized removal. Network switching is effortless—users can simply connect to Wi-Fi, scan a QR code, or enter an activation code. Optimized for efficiency, the PA768e UHF delivers seamless, reliable connectivity, perfectly suited to the dynamic demands of logistics, warehousing, and beyond.

Reliable at its best

The PA768e UHF is GMS certified, helping users tackle even the toughest workdays with ease. With IP65 and IP68 enterprise-grade protection and the ability to withstand 1.8-meter drops (with bumper), the PA768e UHF is the perfect tool for maximizing data collection, management, and traceability across transportation and logistics, field service, manufacturing, and more!

Support Gen2X (Coming Soon)

Impinj Gen2X is an advanced RAIN RFID solutions toolbox designed to elevate performance and reduce total solution costs. Key advantages include significantly faster inventory counts and improved read accuracy and range—particularly for small, embedded, or hard-to-read tags. These improvements help reduce labor costs and enable new use cases such as food tagging. Gen2X also introduces enhanced security features, including protection against tag and item counterfeiting and privacy safeguards at the point of sale.

The PA768e UHF supports Impinj Gen2X, delivering enhanced RFID performance that improves the user experience and boosts operational efficiency across various applications.

Features

- · Android 14 OS with GMS certified
- · 4G LTE with eSIM enterprise handheld computer
- Support Wi-Fi 6E: 2.4 and 5GHz frequency as well as the 6GHz band
- Support eSIM technology: Effortless connectivity without physical SIM cards
- Powered by Impinj E310, Gen2X support (coming soon)
- Superior barcode engine: 1D/ 2D/ DPM (7mil) / DOT code/ barcodes on screens/ OCR
- Multi-Scan function: Available to read 10 barcodes at one time
- 1.5M drop-resistant housing (1.8M with bumper)
- IP65 & IP68 heavy-duty protection against water and dust
- True Hot-swap UL certified battery design without downtime
- Support MDM Software Solutions and utilities such as SOTI, VMWare, 42Gears, and MoboLink

PA768e UHF

Specifications

Operation System

OS Android 14 w/ GMS & AER, Upgradeable to Android 16

CPU Qualcomm Snapdragon™ 6225 Processor,

8 Cores, up to 2.4GHz

Memory 6 GB RAM / 64GB Flash (128GB option), UFS Security Supports Secure Boot and Verified Boot

Languages support Multiple languages

Display

Screen Size 6.3" Color LCD 2340 X 1080 (FHD+) High Resolution Display Touchpanel Gorilla® Glass with Multi-Touch Capacitive Touch Panel,

support stylus, glove, wet-finger Compatibility High sunlight visibility- LCD backlight up to 500nits

Keypad

Indicator

Programmable key, Volume up/down key, Left/right scan key, Power key

LED, Vibrator

Camera

5 MP Front camera

16 MP Rear Camera with LED flash and auto-focus function

RFID

UHF Short range integrated UHF RFID; 1.8 m range.

Support long range UHF RFID gun grip (RG768); 15 m range.

HF Support HF/NFC, Frequency 13.56Mhz Support: ISO14443A/B, ISO15693, Mifare,

Felica(ISO/IEC18092)

Power Source

Main battery Hot Swappable 5100mAh Li-Polymer battery /

battery with cover in one piece

Extended battery 7700mAh / battery with cover in one piece (optional)

Hot Swap Yes

Enclosure

Dimensions (H x W x D) 167mm x 75.5mm x 17mm Weight 270g (w/o bumper & hand strap)

Symbologies

Build-in 2D barcode imager engine with red laser aimer Support All 1D&2D major barcodes

Communication

Bluetooth® 5.1

WLAN 2.4GHz & 5GHz & 6GHz

IEEE 802.11 a/b/g/n/ac/d/h/i/k/r/v/ax,

support WIFI 6E, MU-MIMO (2x2), WiFi Direct and Hot spot

Security WPA3, WPA2, WPA & WEP

WWAN 4G LTE(FDD) – Bands 1, 2, 3, 4, 5, 7, 8, 12, 14, 17, 20, 28

(TDD) – Bands 38, 39, 40, 41 3G UMTS/HSPA+ – Bands 1, 2, 5, 8

2G GSM/GPRS/EDGE (850/900/1800/1900 MHz)

GPS GPS/GLONASS/Gallileo/Beidou

Sensors Gyroscope, G-sensor, E-compass, Light & Proximity Sensor

I/O Interfaces

USB 3.1 type C, support fast charging, OTG

POGO PIN Bottom pogo pin for cradles, rear pogo pin for gun grips

SIM Slot Dual SIM: Nano SIM Slot x 1, eSIM x 1

Expansion Slot Micro SD x 1, up to 1TB
Audio Speaker support 95 dB at 10cm

Dual-Microphone support noise cancellation

Environmental

Operating Temperature -4°F to 131°F (-20°C to 55°C)

Storage Temperature -22°F to 158°F (-30°C to 70°C), w/o battery

 $\begin{array}{ll} \hbox{Charging Temperature} & 32^\circ \hbox{F to } 113^\circ \hbox{F } (0^\circ \hbox{C to } 45^\circ \hbox{C}) \\ \hbox{Relative Humidity} & 5\% \sim 95\% \text{ (Non-Condensing)} \\ \hbox{Drop test to Concrete} & 1.5 \text{ m, } 1.8 \text{ m w/ optional bumper} \end{array}$

Environmental Sealing IP68 & IP65

Vibration/ Tumble Test Tumble 600 times (1.6 ft./0.5 m)

Software

MDM Software SOTI, VMWare, 42Gears, and MoboLink

Regulatory Approvals

CE, FCC, RoHS 2.0

Software Solution

Development Tools

Unitech SDK

Unitech offers a number of SDK toolkits for developers to write apps that can interact with the unitech devices for the mobile, scanner, and the RFID product lines.

Scanner SDK

Device Management

* Coming soon

Staging and Management

Android Enterprise ready EMM for monitoring device health and managing apps, configs and files

StageGO

Barcode-based device staging utility offering hundreds of script commands for you to work with

OEMConfig

If you are using a third party EMM, OEMConfig will allow those EMM solutions to configure unitech specific settings on the device.

Enterprise Launcher

Secure your devices by kiosking them with Enterprise Launcher. Block access to the Android system and only allow limited number of apps to be run.

Battery info

Monitor advanced Battery health and manage the battery replacement cycle. Use with MoboLink to get real-time attery health alerts delivered to your phone.

Software Update

Check and install software updates online. To let a device always stay up-to-date, setup the device

install for updates on boot up.

to automatically check and

System Update Center

Check and install firmware updates via FOTA. You can update the firmware via online FOTA server, or by using a OTA ZIP file placed in the internal storage.

TagAccess

For versatile functions of RFID command via integrating with Unitech RFID Readers.

ScanBridge

A powerful scanner app for iOS, Android and Windows. Easy pairing, auto setup, advanced editing and validation tools streamline your scanning.

Productivity and Utilities

USS

USS Profiles

Configure all scanner settings with friendly user interface and enable the service to make scanning data as kevpad input.

UNote

A simple text viewer and editor for use in your work flows.

USS Camera

Capture barcode data using the device camera and send the data to your applications as keyboard inputs.

Startup

Auto-run apps when device boots up.

KeyRemap

Reprogram physical buttons to act as another key or to launch an app.

WLAN Advanced

Configure advanced WLAN settings such as power saving mode and roaming parameters.

NTP Server Settings

Customize the NTP server setting to keep your device date and time synchronized.

Unitech Scanner Utility

An Android application which helps users connect, configure and use a supported Unitech Bluetooth scanner.

Logger

An easy and fast way to get logs from a device.

Enterprise Keyboard

Enterprise Keyboard gives various methods for user to input data to enhance efficiency and productivity.
